

HEALTH & SAFETY POLICY

R2R Services believes developing the health and safety performance of our employees is integral to our long term success. It is therefore our aim to adopt a Health and Safety policy and management system aimed at achieving effective leadership, continuous improvement and adherence to statutory compliance.

To achieve this R2R Services will:

- Implement systems and provide tools, training and support required to identify risks and perform work in a safe manner
- Commit to providing a working environment where employees actively participate in the development of a positive safety culture through responsible and accountable behaviour
- Employ only those people that support the beliefs of R2R Services and are committed to their own safety and that of their work colleagues
- Monitor clients needs and effect change where required
- Be actively involved in contributing to the health and safety of the local community
- Monitor the health of employees and provide for health surveillance measures to assist in this regard
- Establish measurable objectives and targets to ensure continued improvement aimed at the elimination of work-related injury and illness

Employees will

- Comply with all aspects of this policy
- Consistently work within the boundaries of the OHS management system
- Work in a safe manner at all times
- Agree to report any injuries immediately
- Actively contribute to the continuous improvement of our OHS management system
- Ensure the Duty of Care of themselves and those around them by securing and reporting all known hazards

David Thomas
Chief Executive Officer
