

R2R|Services is committed to minimising the impact of its activities on the natural environment.

To achieve this R2R|Services will:

- Minimise waste by evaluating its operations and ensuring they are as efficient as possible
- Minimise toxic emissions through the selection and use of its fleet and the source of its power requirements
- Actively promote responsible environmental management amongst its customers, clients, suppliers, contractors and employees
- Implement energy management, recycling and waste management strategies across all its sites and corporate office
- Source and promote a range of goods and services that will assist it to achieve its environmental objectives
- Meet all environmental legislation that relates to the Company
- Provide regular training and information sessions to employees and contractors to raise awareness of environmental issues
- Remain committed to a program of continuous improvement

Employees will:

- Comply with this policy and have active input as appropriate
- Consider how their actions impact the environment and amend behaviour accordingly
- Attend any training or information sessions as directed
- Identify, report and implement corrective action to prevent or mitigate environmental impacts
- Reduce, re-use and recycle where practicable

David Thomas
Chief Executive Officer
